**Course:** The event venue is a course around the **Palisades Central** campus. The 1-1/3 mile circuit combines uphill sections with fast flats and a short descent in a beautiful business park with shade trees, waterfalls, and adjacent parking. Four right-hand turns drop elevation and wind into a sharp rise topped by a left turn and a quick descent to the course's flat section. The flats feature a wide 180-degree turn toward the uphill finish into prevailing headwinds. Excellent road surfaces (100% concrete) and all turns are clear. A fast, challenging, superb course.
